

Presidents Message – COVID-19 Easter Weekend

I would like to wish each and everyone of you a very Happy, Healthy and Safe Easter!

As we approach the holiday weekend, we all realize just how different this year will be. COVID-19 has led us to celebrate Easter in a different non-traditional way. In person gatherings are limited to those living in the same household. Our traditional family gatherings of family and friends will have to be hosted virtually using digital technology.

Many of us are working from home now. As per the direction of our public health officials, we all should be self-isolating at home. We should only be going out for essential needs/work. Limit trips to the grocery store to once per week. Make a list do not browse, shop efficiently. When we do have to go out, we should reach out to our friends and family that may not be able to get out offer to pick up what they need and do a door drop for them. Go alone to do your grocery shopping do not make it a family event.

Our Members and all workers providing essential services in our communities are risking their own health to take care of all of us, lets do our part to take care of them. I think we would all agree we owe an incredible debt of gratitude to all of these workers who are committed to fulfilling their duties at a time of great uncertainty.

The fear of this virus is real. We all feel it. No one is alone in this fear. The constant worry of the health and safety of our loved ones is always on our minds. How are you managing your stress and anxiety? Through your Employer/Benefit Provider Health and Safety, Employee and Family Assistance Plan, Employee Benefit Plans or your Collective Bargaining Agreement you have benefits available for various services we encourage you to use these benefits if needed.

If you have any questions or concerns please contact the union office @ 306-352-4240 or cope397email@sasktel.net

Be safe! We are all in this together!

Together We Are Stronger!

In Solidarity,
Kim Wilson
