PRESIDENTS MESSAGE

2020 has definitely been a year we all will remember. One day we will look back at “2020” and refer to it as “THAT YEAR”.

We have faced isolation, fear, restrictions, social distancing, boredom and for some depression, stress and anxiety. We need to be compassionate, understanding and open-minded with one another. We need to show support, love and kindness with everyone. We must face the future with courage and
optimism that next year will be better, it will be safe and that we can all return to some type of normal.

The holiday season will look different for us this year. Large gatherings with family and friends cannot take place. For now, we can spend time with only those in our immediate family. We must do this to keep everyone safe and healthy. Hopefully the weather will be good and we can take advantage of it to enjoy a safe social visit while being outside with some family or friends over the holidays.

Remember to always maintain a safe social distance, wear a mask whenever in public or safe social distancing is not possible. Avoid going out unless it is essential to do so.

Remember we stay apart now so we can be together again!

Stay safe, stay healthy!

In Solidarity,

Kim Wilson
